Doppler Ability Machine Donation

Support provided by Braunton Rotary Club has enabled Caen Medical Centre to purchase new equipment over the past 12 months...

Rotary members including president Chris Nicholas and honorary member Ross Moon recently presented the staff at Caen Medical Centre with a new Doppler Ability Machine. This device will be used daily for assessing and measuring ulcerating wounds prior to the treatment and dressing regime.

- 16th March: John Masterson
- 23rd March: John Needham
- 30th March: Keith Oades
- 6th April: Terry Webber
- 11th March: Bob & Gillian Haynes
I am writing to thank Club Members and Braunton Library for their generosity and resourcefulness in providing books throughout 2015.

This year the sale of books raised £581.69, which brings the total collected since the start of the fund to just shy of £11,000. Latterly, we have not done so well as in earlier years largely, I suspect, because of the rise in popularity of electronic books. However the fund is still a steady little earner, and, as it costs us nothing to run, I suggest that we should keep it going. Therefore I would be grateful if the supply of books could be maintained. The money goes into community funds and spent wisely by Star and his committee.

Garry Dadds
