Rotary Club of Braunton July 2019 News and Views

“A Wandering Minstrel I Will be”

Lotte and Glenn have attended this type of event in France and found it most enjoyable.

Sometime in the summer of 2020 we are planning to arrange a Minstrels Ramble. If you have not come across such an event before it is intended to take the form of a walk through the village with mostly open air musical and other performing stops along the way, aimed at all ages. The Club (Lotte and Glenn taking the leading roll) are starting to enlist the help and experience of other local organisations, musical groups, schools etc. There could well be a number of opportunities for fundraising and would bring families and friends out for an enjoyable day in the village to experience a variety of light-hearted entertainment.

Early Days yet but this could be an exciting opportunity for us, please give Lotte and Glen full support as there will be many arrangements made to manage such an event.

Tyspane Care Home

We will be holding a Tombola Stall at Tyspane Care Home Summer Fete on Saturday 20th July.

Contact Rotarian Beryl for details.

Rotary Park Vision

The Club is considering a new project to help develop a recreational facility adjacent to the French Boules Court behind the Anchor on Caen Street, which could include Outdoor Gym Equipment, Barbecues and a Water Fountain. Some ideas are shown here,

The Club will continue discussions with the Parish Council on future improvements to recreational space in the village.

A formal celebration launch of the Village Green Improvements is planned to be held on Saturday 13th July when we will be able to showcase our part in these improvements and our other activities to the public and the village. Rare opportunity to recruit more new members.

The Club is always looking for speakers to come along to our lunch meetings at the Williams Arms on Wednesday. Interested, please contact us www.brauntonrotary.org or find us on Facebook @brauntonrotary
